

Respiratory Evaluation Clinic Referral Guideline

► Patients

This clinic is meant to evaluate patients, age 18+, exhibiting new or worsening respiratory symptoms, with concern for respiratory viral infection (especially COVID-19) who need in-person evaluation, but do not require emergency care.

-OR-

Patients previously diagnosed with COVID-19 who have worsening symptoms.

*The clinic is **not** meant for patients with chronic respiratory conditions who are stable.*

► Process

- You can refer via Epic referral order **WU IM COVID Respiratory Clinic** or call 314-996-8103, option #3.
- If your patient has a complicated history, or if you have particular concerns, please place a note in Epic documenting those issues or fax to 314-362-7736, so the clinic provider can see it.
- After we see the patient, we will send you a note with the plan. If you do not receive a note within 48 hours of your patient's visit, please call 314-362-4330.
- We will refer COVID-positive and COVID-suspected patients to our telemonitoring program for daily check on their clinical status.
